Transfer of meters from the Tumkur Town Dly to the K & C Sandy Board

General and Revenue Secretariat

File No 72 of 1941-42 [App F III-2

Serial No

From the Dy of P H

Letter No C85 87 dy 26/1/42

1) It is stated that 1125 meters have been purchased at the cost of Govt through the SPC for fixing them to the house Connections at Tumkur & Chikkaldrug, the estimates for which have not yet been sanctioned by Govt

2) The Sanitary Engineer proposes to transfer 100 meters from the stock at Tumkur to the K & C Sandy Board area, as they are urgently required there and are cannot be not available only to the unsettled conditions of the market The D. P. H has asked the Sanitary Engineer to obtain the consent of the Tumkur Town Municipality in the matter in the first instance A further report is awaited by the D P H, which may perhaps be awaited

3) As the meters were deposedly purchased specifically for use at Tumkur and Chitradurga and the estimate for metering & house connections at the place is under consideration, the proposal of the Sanitary Engineer does not appear to be a feasible one

Submitted for orders

Hon'ble Minister for P. W. D. Secy has made somewhat a novel suggestion on the Tumkur Metering file If agreed the D C Tumkur may be asked to expedite the despatch of the M C's opinion on the Sanitary Engineer's proposal No one seems by the Meters typing able

Sir

Transfer of 100 meters for use in the K G F Sanitary Board area out of the meters purchased for the Tumkur Municipality

---

In enclosing herewith a copy of letter No 1067 dated 12-1-42 of the Sanitary Engineer proposing to transfer 100 meters for immediate use in the K G F Sanitary Board area out of the stock purchased for Tumkur, I have the honour to state that the Sanitary Engineer has this day been asked to obtain the consent of the Tumkur Municipal Council to the transfer of the meters The Sanitary Engineer reports that the supplying firm has intimated that it is not possible to supply the material owing to the unsettled condition of the market Further action will be taken in the matter on receipt of the consent of the Local Body to the transfer

Re Supply of water meters for the K G F Sanitary Board Area

I have the honour to state that in connection with the fixing of meters on all the house connections in the K/G F Sanitary Board area, an estimate amounting to Rs 4,000/- was countersigned by the President of the Sanitary Board, and the amount has also been placed at the credit of this office The meters were ordered from the Stores Purchase Committee, and orders were placed in Local Indent No 6227, but in their letter dated 9-9-1941, the supplying firm intimated that under the present unsettled condition of the market, it is not possible to supply the material, so that it will not be possible to obtain the supply of meters

The Vice President of the Sanitary Board has been pressing this office to make immediate arrangements for fixing the meters since this considerably affects the revenue due to be paid to the Sanitary Board, and in this connection I write to state that for fixing meters on house connection at Tumkur and Chitaldrug 1,125 meters have been purchased through the Stores Purchase Committee, and stocked at the respective places The estimates for the fixing of meters in the house connections in the two places are not yet sanctioned by Government Under the circumstances, I propose to transfer 100 meters required for immediate use at K G F Sanitary Board Area from the stocks that are available at Tumkur, and I request you to kindly communicate your approval since the meters at Tumkur and at Chitaldrug have been pruchased out of monies that are advanced by Government for the specific purpose The cost of the meters thus transferred to the Sanitary Board will be credited to the funds which are advanced by Government after debiting the same to the funds placed at the credit of this office by the Sanitary Board
